RoadQuake²TM

Temporary Portable Rumble Strip

Ideal for Work Zones of Short Duration...

...where daily installation and removal of the work zone is required:

- Pilot car or flagging operations
- Lane closures
- Traffic safety check-points
- Routine maintenance projects
- Paving operations

For posted speed limits of 75 mph or less. Tested successfully in temperatures from 0° to 180° F.

RQ 2 protects workers, and drivers, in work zones.

Assembles and installs in minutes. No tools required.

RoadQuake² is:

Temporary

- No nails or glue are needed for installation and use.
- Quick installation and removal time. No clean-up!

Portable

- No installation equipment needed.
- 1 person can easily assemble sections and create a full array in minutes.

Durable

- 3-5 year life expectancy.*
- Suitable for use in rain and other inclement weather.

RoadQuake² Features:

- RQ 2 is 45" long and weighs 35 lbs. 3 sections make 1 rumble strip 11' long assembled. Covers an entire lane.
- Ideal when transport and storage space are limited. RQ 2 fits in virtually any vehicle.
- Easy to lift, carry, and install.
- At 13" wide and 3/4" thick, RQ 2 generates the same level of sound and vibration as milled strips.
- Ergonomic handles make installation and storage easy. Non-slip textured surface helps to keep RQ 2 in place.

Bevels on both sides take the guess-work out of installation.
